

Name-----

Doctors

Doctors have a very important role in our society. They help us when we get sick .They give us medicine and advice on how to stay healthy. They work long hours to make sure people recover from illness. We are very grateful to them for all their hard work.

Answer the following questions:

1-What is the role of a doctor in our society?

2-How do they help us?

3-Why do they work long hours?

4-Why do we need to be grateful to them?
