## My Favorite Book: "The Adventures of Max"

I have a special book that I love to read over and over again. It's called "The Adventures of Max." The story is all about a brave and curious puppy named Max who goes on exciting journeys. In one adventure, Max helps his animal friends find their way back home when they get lost in the forest. He shows great courage and kindness throughout the story, and I admire him for that.

What I like most about "The Adventures of Max" is the valuable lesson it teaches. It shows us the importance of helping others and being kind, just like Max does for his friends. The colourful illustrations in the book make it even more fun to read. Every time I read this book, it feels like I am going on an adventure with Max and his friends, and that's why it's my absolute favorite!

### Questions:

**1-What is the title of my favorite book?**

---
