## A Visit To The Zoo

Sara and her family went to the zoo on Saturday. The sun was shining, and Sara was excited. First, they saw the lions. One lion was lying in the shade, and another one gave a big roar! Sara held her dad's hand and laughed. Next, they saw monkeys swinging from trees. Sara gave them a wave. They also saw tall giraffes eating leaves from a tree. Before they left, Sara got a toy zebra from the gift shop. She said, "This was the best day ever!"
