## What is a local community?

Our local community is the place where we live, work, and play. It has homes, schools, stores, and parks. People in the community help each other. Some work as teachers, shopkeepers, or bus drivers. Everyone has a role to make the community a great place. Without these roles there will be no community and people won't know where to go for services. We need to be thankful to all these helpful people.
